Total		367

* While the large majority of these matches will continue through the process and move to the “housed in PSH” category, for various reasons, there will a small number who do not complete the housing provider intake process, who do not pass a private landlord’s qualifications or who decline the housing, and are returned to the Prioritization list to receive an alternate match.

CES Status Notes

- Recommend implementation of a Coordinated Entry System Steering or Procedure Review Committee to provide an interim step to validate/inform/guide the work taking place at the Housing Placement Match meetings before a formal recommendation is made to the CoC and Commission to End Homelessness.
 - Examples of the issues for review/input include:
 - How to incorporate a Family VI-SPDAT score in to the prioritization list given that they have different maximum scores?
 - Felon Preference for Units
 - How long should someone remain on the Prioritization list without having had a contact made?
 - Addition of street outreach teams (outside of special populations)
 - Possible member composition would be one representative for each project type and population type
 - PSH ▪ Individual
 - RRH ▪ Family
 - TH ▪ Youth
 - ES
- Success – The City of Lake Forest Community Services Officer, working in partnership with South County Outreach and CityNet, took three people through the process of assessment, document ready, and matched to housing in a time period of 8 days!
- Coordinated Entry System has two additional working groups that have begun meeting:
 - Healthcare & Housing Integration Working Group
 - Re-entry Working Group
- Work on RRH project type has begun.
